[Am] [Am] [Dm] [Dm] [Am] [E7] [Am] [E7]

[Am] Some memories bring back all the sad songs
[Dm] no bunch of rights can right the wrongs
[Am] blues gonna echo
[E7] through the woods to [Am] night [E7]

[Am] slow blues coming down
[Dm] wallow in it when there's no one else around
[Am] pickin' it over as the [E7] sun
goes down to [Am] night [E7]

[Am] [Am] [Dm] [Dm] [Am] [E7] [Am] [E7]

[Am] Mister moonlight there's no pleasin' me
[Dm] May as well stay hidden behind the trees
the [Am] blues is all's gonna
[E7] set me free to [Am] night [E7]

[Am] sun goes down and the lights go low
[Dm] temperature drops to seven below
[Am] I can't feel my fingers but
I'm [E7] still gonna play to [Am] night [E7]
[Am] [Am] [Dm] [Dm] [Am] [E7] [Am] [E7]

[Am] Mournful echos in the woods
[Dm] The cosmos singing coz it's understood
There's a [Am] place right here
for the [E7] slow blues to [Am] night [E7]
